

# Gratitude Is an Attitude

**Secretary-Treasurer Leon Holderfield**

During the holiday season, we thank our blessings for good union jobs that help us provide for our families.

As an officer of our union, I'm also grateful for Shop Stewards and Union Activists who volunteer every day to make our union strong.

Our world seems more stressed and anxious than ever before. So many of our Stewards have risen to the challenge, helping our Union Representatives and fellow members to handle work problems with a calm Union Spirit. When you stick to the facts and avoid rumors, you help to make the workplace better for everyone.

So this year, as you express gratitude, make sure you include your Shop Stewards. Remember, a little good will goes a long way!

**We are grateful for union job  
protections and benefits.**

**We are grateful for each of our  
members who stand together to  
make our union strong."**
